## THE BEST CHOICE IN WESTCHESTER FOR SUB-ACUTE REHABILITATION ...

**FIELDHOME—long known for its outstanding skilled nursing care—is now also the best choice in Westchester for sub-acute rehabilitation.**

Fieldhome has become the region's leader in sub-acute rehabilitation and, thanks to significant service enhancements, is now the facility of choice for short-term rehabilitation. In late 2006, we began a new era in care with the grand opening of a 1,500 sq ft Rehabilitation Treatment Center. Our state of the art program specializes in three areas: post-surgical, neurological and cardio-pulmonary rehabilitation. A team of specialty trained rehabilitation professionals will customize a therapy program that meets your individual needs. Our staff will work with you so that your stay here is as effective and brief as possible.

### ADVANCED REHABILITATION IN A CUSTOM 1,500 SQ FT TREATMENT CENTER ...

The bright and spacious Rehabilitation Treatment Center serves as the heart of the Fieldhome rehab experience and is where patients receive a full complement of comprehensive services, including physical, occupational and speech therapies. The Center is filled with the very latest in rehabilitation equipment and technologies, all beautifully accented by a large in-wall tropical aquarium.

Patients participating in occupational therapy (O.T.) are given the opportunity to practice or re-learn the basic activities of daily living in a separate Occupational Therapy Suite. The O.T. Suite is complete with an actual bedroom, bathroom and kitchen so patients gain the confidence needed to safely return home. The main Treatment Center is staffed by highly trained physical and occupational therapists who consistently receive outstanding patient satisfaction ratings. The Center offers a wide range of treatment modalities and equipment comparable to those offered in the best acute-care settings. Modalities include:

- Ultrasound • Electric Stimulation
- Heat & Ice Therapy • Pain Management Therapy

All top-of-the-line equipment is selected to accelerate and improve strengthening, endurance and mobility. It is, by far, the most advanced program of its kind in Westchester.

## COMFORT AND HOSPITALITY ...

We recognize that our short-term rehab patients have very different needs than our long-term residents. Fieldhome offers a separate custom decorated 50-bed Rehabilitation Unit integrated with our Rehabilitation Treatment Center. We offer many private rooms as well as a beautifully decorated main and private dining room. Short-term patients enjoy three delicious meals a day, which they choose from a daily menu. A hot-served luncheon is also served in the dining room, however, patients can enjoy meals in their room, if they prefer.

Our Rehabilitation Center offers many amenities, including the use of portable DVD players and current movies, laptops with wireless internet service, phone and cable television, recreational programs and educational seminars. Complimentary transportation is available for dialysis appointments when needed, providing tremendous cost savings and convenience to patients and families. There is also a Courtesy Center on the Rehab Unit, which offers snacks and drinks from the vending machines, an assortment of magazines and a convenient place to do patient laundry, if desired.

Patients are greeted upon arrival by a Concierge Team member who remains available to them during their stay. Our Concierge Program provides patients with a more personal experience during their stay as well as an opportunity to better facilitate special needs and requests. In order to continually enhance our customer service efforts, an interdisciplinary Customer Service Quality Circle meets regularly to plan and implement additional hospitality services and programs.

## A COMMUNITY OF CARING SERVICES ...

FIELDHOME is a not-for-profit organization, established in 1879. Our 100-acre wooded campus—a setting that offers beautiful landscaping, privacy and security—is a community of caring services. In addition to FIELDHOME's exceptional **Rehabilitation** program, patients and residents receive priority access to FIELDHOME's other services, including:

- Personalized and outstanding **Skilled Nursing** including short-term and long-term care
- **Respite** and **Hospice**
- Luxury **Assisted Living** accommodations and an advanced social-model **Memory Support** residence at *The Seabury* at FIELDHOME
- Unique on-campus **Intergenerational Program** with the children from The Early Learning Center at FIELDHOME
